Going for gold, Going to wait

Dentaid Dressing up day moved to 31st August

Due to adverse weather conditions (and not wishing to take you away from the opening ceremony of the Olympics) we have decided to postpone our annual Dress up and Fundraising Day for Dentaid. Our new day will be Friday the 31st of August.

Tickets for our raffle are now on sale, 1st Prize Oral B 5000 Electric Toothbrush. Other prizes will include food hampers, vouchers and Poppleton Dental Practice Goodie Bags.

We will be dressing up that day with an Olympic theme and there will also be prizes given out to the best patient fancy dress outfit!

Free refreshments will be served on the day so pop in and join the fun. (donations welcome).

Congratulations Sue!

We are pleased to announce that Sue has recently completed and passed her certificate of Dental Nursing after studying hard for two years at a day release course at Leeds Dental Institute. We are already benefiting from her training and are delighted with her success.

Summer Time = Sports Guard Time

Now is the time before the new term starts to get your new Sports Guard made. It's vitally important that during any contact sport that you protect your adult teeth from trauma. Teeth can be knocked out, fractured or just the nerves can be damaged if you are not wearing a well fitting custom made sports guard. There is a large selection of templates available to match any school or team colours.

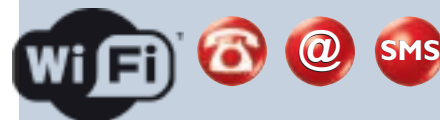

David our dentist well protected

N.B. Denplan patients only have to pay the Technicians fee for this.

Free WiFi

At the practice we have now installed FREE Wi-Fi for the use of our patients in the waiting room. We hope this service is of use, but we will try not to have to keep you waiting at all. Please ask for the access code at reception.

Recall Changes

Some of our patients may have already noticed that we are trying to improve our recall systems, with the aim of becoming more efficient and affective and having fewer items lost in the post! Phone calls, e-mails and SMS text messages are now being used more often so please let us know if there are any changes to your personal details.

Price Comparisons

We have the new Oral B 1000 and 5000 Triumph electric toothbrushes for sale at the great price of £34.95 and £99.95 and as of 10th July this price was better than Argos, Tesco, Amazon and Ebay! We also have single toothbrush heads that you can't buy in any supermarket for the bargain price of £2.90 each.
